**TOWN OF LINCOLN**
**Road Inspection - Tuesday, May 13 2026**

The meeting was called to order at 5:30 p.m. Present were: Jason Headson, Lynne Black, and Tressa Votis (for a portion of the meeting).

The town board inspected roads within the township.

Areas of concern:

- **Potawatomi Trail** – Wash outs from storm damage along the road edge were extensive, especially down the big hill. There are areas where the blacktop was broken off and damaged, but the road is actually in really good shape otherwise. Lynne suggested maybe doing a wedge along the edges, once the shoulders are repaired, as to not have to replace the entire road surface. This road will most likely take a good portion of our road budget to repair, unless WDF funding can be obtained.
- Plan is to have our town crew do some major shouldering in the damaged areas.
- Apply for disaster damage funding through the WDF (WI Disaster Fund).
- Jason will talk with the Highway Commissioner to get some estimates for wedging and /or spot repairs.
- Jason will talk with Todd Mulvey with FCP regarding the creation of a berm along the side the road on FCP land to re-route the runoff down the hill, diverting the extreme force of water flow along the edge of the road.

- **Devil's Lake Road** – There's a bad spot that is in need of repair. Road crew will be consulted as to patching or other possible alternatives, along with the Highway Commissioner.
- **Lake Lucerne Drive** – Most of the road is in fairly good condition. Ditch was looked at, with not much shoulder room to do too much to divert the water, that sometimes comes down from the hill in the spring.
- **Bear Road** – Temporary Weight Limits / Signs are needed
- **Bradley Lake Road** – checked out how the newly paved area looks and checked the rest of the road surface for graveling.

Roads will be discussed at the next meeting, after more information is obtained.

A lengthy discussion took place in regard to the vacancy in the Clerk/Treasurer elected position. Many alternatives were considered. After several months of advertising, no one has submitted an application. There is one person that "May" be interested, but she has indicated that she would like to work with / train with the current Clerk/Treasure for a while, to understand what the full job entails, prior to fully committing. She would also like to get a listing of the processes and duties that would be required. Lynne will contact the candidate to obtain more information and discuss some options / suggestions. Deputy Clerk / Treasurer positions were also discussed in relation to this type of training.

A motion to adjourn was made by Black, second by Headson. All in favor. Meeting adjourned at 6:40 pm. (Minutes recorded by: Lynne Black)
